YOUR ACTUARY TUTOR

# WHY DID WE CREATE THESE BOOTCAMPS?

Our focus here at Your Actuary Tutor (YAT) is to serve as a real time guide for students as they prepare to sit for Exams P & FM. We are aware that students often have trouble holding focus and staying motivated throughout their exam preparation time. Our vision here is to provide that extra support students need to push through such challenges but to also hold each student accountable for the effort needed to be successful on these exams.

# YOUR ACTUARY TUTOR (YAT)

## BOOTCAMP GOALS

1. To compliment the current preparation tools actuarial students are using to prepare for the first two actuarial exams (P, FM)
2. Prepare students to be "**exam ready**". This involves waking students up to the expectation for these exams and holding them accountability throughout the program.
3. Speed up the time spent studying the material so students have more time practicing problems and doing practice exams. Often, students spend too much time mulling through the material because they don't fully understand the material.

## BOOTCAMP DETAILS

1. Provide **40+ hours** of online interactive instruction (via Zoom). The focus here is for students to get a sense of what considerations to have in mind when approaching a problem, extrapolating implications from the question and having a structure on how to solve the problem. We strive to showcase real world application of the concepts within the bootcamp as context matters.

[We will go beyond just formulas...Answering the "why" in everything].

2. Provide **real time correction** to students who have an incorrect understanding of concepts. Oftentimes students will go over topics multiple times in search of the proper understanding, well our bootcamp will remove this inefficient and redundant process in students current preparation style.

## **BOOTCAMP DETAILS CONT'D**

3. Provide ongoing support even after our Zoom sessions. Our email response time is usually the same day. Students can share questions they might have difficulty with from other resources and we will either merge that into our classes or send individualized recordings for their benefit.
4. Serve as a mentor to answer questions surrounding the profession and next steps. We strive to provide a clearer vision for students so their expectations are aligned closer with reality.

## **PAST BOOTCAMP RESULTS:**

**15+ EXAM SUCCESS IN P & FM**

**AVERAGE 1.5 EXAM SUCCESS IN EVERY CAMP (AVERAGE CAMP SIZE: 4)**

## **IMPORTANT DATES:**

**OUR NEXT P & FM BOOTCAMP START DATE WILL BE  
ANNOUNCED SOON**

**JANUARY 2027 - EXAM P  
FEBRUARY 2027 - EXAM FM**
